Contents

1 Code block one

Here we have some code

```
1   x = 15
2   y = 3
3
4   if y < x:
5       x = x + y
6       return x
```

2 Code block two

Down here, we have even more code, but this time we will return an array.

```
1   import os
2   import re
3
4   list = ['red','blue','green','yellow','black']
5   list.append('magenta')
6
7   return list
```
